

Turns Ratio Standard

Model : QTRS-1

Application:

- Electrical Calibration Laboratories
- Testing Service providers
- Utility and OEMs
- College / University Laboratories

Features

- State of art design
- Suitable for Test voltage 110V AC
- Protection against wrong connection

Best resolution : 0.01

Technical Details

Ratio Range : 0.8 to 2000

Test voltage : 110V Max

Resolution : 0.01 at factor 1

Accuracy : 0.5%

Protection against wrong connections

Part code : QTRS-001
